“TWO-COMPONENT WHEEL HUB”

REQUEST TO CORRECT FILING RECEIPT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants hereby request a corrected Updated Filing Receipt for the above-identified application. The filing date for the application is shown incorrectly as “07/19/2004”. The correct filing date is --12/12/2003--. Attached is a copy of the Updated Filing Receipt showing the correction (Appendix I).

The above-identified application was filed on December 12, 2003 and, on March 24, 2004, a Filing Receipt (see Appendix II) was mailed indicating that the above-identified application received the filing date of December 12, 2003. Also on March 24, 2004, a Notice to File Missing Parts of Nonprovisional Application (Appendix III) was mailed which indicated “Filing Date Granted”. Applicants subsequently replied to the Notice to File Missing Parts in a proper manner in accordance with the pertinent rules. On August 12, 2004, an Updated Filing Receipt (see Appendix IV) was mailed changing the filing date to July 19, 2004. Also, all

correspondence (i.e., an Office Action mailed June 8, 2006) subsequent to the Updated Filing Receipt contained the July 19, 2004 filing date.

Applicants believe the correct Filing Date is December 12, 2003, which was properly and originally granted to the above-identified application via the Filing Receipt mailed March 24, 2004.

For the foregoing reasons, Applicants respectfully request that the filing date be corrected, a corrected filing receipt be issued, and all forthcoming communications from the USPTO include the proper December 12, 2003 filing date.

It should be clear that the mistake is chargeable to an error made by and on behalf of the U.S. Patent and Trademark Office. Therefore, Applicants should not be required to pay a fee. However, if the decision is otherwise, the Commissioner is authorized to charge any fees that may be due in connection with this request to Deposit Account No. 50-1965.

Respectfully submitted,

Date: 2/14/07

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500-) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
